KEEP IT WILD.

MINI COUNTRYMAN AND MINI PACEMAN.
JOHN COOPER WORKS TUNING.

JOHN COOPER WORKS

FULL POWER JACKET.

1

THE BEAUTY OF THE BEAST.

With John Cooper Works, powerful looks and striking design are not just for show – they are the outward sign of a total commitment to performance that has its roots in the world of motorsport. Take the components of the MINI Countryman aerodynamic package, for example. The front apron features aerodynamic spoiler attachments, while side skirts end in track-style air vents. At the back, there are motorsport-style attachments for the rear apron, incorporating a working diffuser, and sports exhaust tailpipe trims.

The aerodynamic package as a whole gives your MINI Countryman or MINI Paceman more performance and more personality. And this is also reflected in options like the light-alloy wheels and the dark sheen of the exterior mirror caps in Carbon.

1 Aerodynamic package
1 Design package in Chili Red
(comprises brake air ducts, side stripes and mirror caps in a fiery Chili Red. Only available for the MINI Countryman.)
1 Sport stripes
1 Double Spoke R129 light-alloy wheel in Burnished Black
1 Cross Spoke R134 light-alloy wheel in Burnished Black
1 Sports aerial
1 Additional headlights in Chrome/Black
2 Double Spoke R129 light-alloy wheel in Matt Black
3 Exterior mirror caps in Carbon
4 Sports silencer in Chrome

FEEL THE POWER.

1

GET A GRIP.

The sort of power that John Cooper Works Tuning gives the MINI Countryman and MINI Paceman requires total control: you can't lose your focus even for a second. Which is why you need John Cooper Works interior components to give your MINI Countryman the look and feel of a thoroughbred racing car. The sports steering wheel in Alcantara with a Carbon trim feels every bit as good as it looks, and the gear lever features the same combination of high-quality materials.

Just one look at the additional instruments (radiator temperature, relative torque and lateral acceleration gauges) will make you feel like the road has turned into a racetrack.
